Going on a walk in your neighborhood for some fresh air? Use this guide to identify the beautiful trees found throughout the District.

Please follow the recommendations from our friends at Outdoor Alliance when going outside:

1. Make the health of others your number one priority.
2. You can go outside. Cautiously.
3. Stay close to home.
4. Keep it chill.
5. Respect closures and be a good steward.

And as always, please refer to the CDC for the latest updates and guidelines regarding the global COVID-19 crisis.
